12 PROPOSALS CREATED BY CITIZEN PARTICIPATION

JOINT EFFORTS MAKE FOR A BETTER TOWN

1. Starting up the Citizen Participation Councillorship. We will update and promote participation by citizens on decision-making by implementing regulations, using the previous budgets for this purpose and reactivating all municipal boards.

2. Reactivating “Escuelas Taller” (Vocational Training schools) and Job Training Courses in order to solve the current lack of professionals in areas such as building, plumbing, hospitality and the like. We will create a Municipal Business hub and a Local Development Department to offer information and grant assistance to all citizens, local businesses and other organizations.

3. Guaranteeing Public management of EL PONTIL and ALMEDINA parking lots. We will devote the commercial area on the 1st floor to council services. We will create parking lots along the coast.

4. Restoring the old town drawing upon the municipal guidelines to do so and tackling ruined buildings urgently. We will restore the COLINA DEL SOL building for social rental housing for young families who struggle. By the same token, we will grant grounds for Officially Protected Housing and social rentals. We will improve access to urban lands for cooperative housing buildings.

5. Setting up a brand-new Farmers Attention Office and a Municipal Department of Agriculture with a 300.000€ annual budget. We will adhere to PLAN ITINERE (Rural roads improvement plan in Andalusia) and we will support MESA DEL AGUA actively. (Local Water Board).

6. Developing social services schemes. We will open an elderly daycare center offering plenty of leisure activities. Undoubtedly this will help balance work and family life. We also will meet the needs of specific social groups such as LGBTI+, immigrants and other minorities.

7. Creating a multipurpose building in EL MORCHE where all citizens and different organizations can run their activities. In addition, we will increase the number of nursery schools vacancies and we will build a brand new one in TORROX PUEBLO.

8. Providing a solution to the electrical substation proposed location by the current authorities. Its location must be compatible with the protection of people's health and there must be sufficient security distance from urban centres.

9. Creating a real municipal disposal-recycling centre. We will demand contract compliance from the company in charge of waste collection. Furthermore, we will reactivate the mobile recycling service network.

10. Promoting the Municipal Ownership of the San Rafael Sugar Mill. Citizen consultation through a contest of ideas on the possible public uses of this area will be held subsequently.

11. Restoring the historic building EL MOLINO DE PEREZ so as to locate the Municipal Historical Archive. We will also prepare the municipal lands and grounds in Calaceite to create sports areas.

12. Fostering Gender equality schemes. We will reactivate the Women Municipal Council, which will become a discussion and proposals forum for an utter integration of women in every direction, ensuring equal opportunities and rights.
